

QUEEN MARY, UNIVERSITY OF LONDON

MAS 305

Algebraic Structures II

Course Information

Autumn 2006

Lecturer: Professor R. A. Bailey **Room:** 317

Office Hours: Monday 0930–1030
 Wednesday 1300–1400
 Friday 1430–1530

Lectures: Tuesday 1100–1200 Engineering 306
 Tuesday 1400–1500 Computer Science 338
 Wednesday 1000–1100 Maths G2

Exercise Classes: Monday 1400–1500 Computer Science 445

Course Information: All information is available on the course web page at

<http://www.maths.qmul.ac.uk/~rab/MAS305/> .

It is recommended that you bookmark this page and visit it regularly. Some information is also handed out in lectures.

Reading List: The main text is *Introduction to Algebra* by P. J. Cameron, OUP, 1998.

 Another useful text is *Introduction to Group Theory* by W. Ledermann and A. J. Weir, 2nd edition, Longman, 1996.

Assignment Information: I intend to produce between 8 and 10 exercise sheets. All marks will count.

 If you miss handing in a coursework for a good reason, you should fill in a copy of the Missed In-Term Assessment Report Form (from the Web at

<http://www.maths.qmul.ac.uk/undergraduate/>,

or from the Undergraduate Studies Handbook) and give it to the Pastoral Tutor (Professor R. A. Bailey, Room 317).

Assessment Coursework 10%; Examination 90%.

CALCULATORS ARE NOT PERMITTED in the examination for this course.
